

Elements Screen Motor Tube Specifications

SKU: EX01-17/21

Release Date: Available now

Features and benefits:

- **Reach taller heights. Bigger tube diameter creates drop area for the zipper. This allows for flawless installations up to 21 ft. tall.**
- **Made of high strength 6063-T6 aluminium.**
- **Small grooves on either side to slide in a zipper or for spline.**
- **Bigger built-in channel on either side allows for faster assembling. Just drive screw through the channel. No pre-drilling, counter sinking or filing needed.**
- **Compatible with 60mm tube.**
